

## QUALITY MANAGEMENT SYSTEM STATEMENT

AESG is committed to providing high quality services to our customers that meet their building needs and other statutory and regulatory requirements while maintaining profitability and competitiveness.

Our commitment to quality drives continual improvement of processes, product development, staff wellbeing and client satisfaction. Together with our commitment to quality, our shared values of respect, community, sustainability and technology defines our purpose and strategy. We recognise that our business holds a unique position in contributing to the wellbeing of our clients, people and partners as well as the development and professionalism of our industry.

We are proud to have achieved ISO 9001-2015 Quality Management System accreditation and we continually work to ensure our business processes are operating effectively together to achieve the desired outcomes and to bring our company a unity of purpose.

Our service provider Uptick develops the templates. They develop the templates based on legal, statutory and Government requirements. Clause 8.3 has been excluded from the scope.

Clause 7.1.5.2 Measurement traceability has been excluded from the scope as measuring equipment/tools is not a resource used by AESG.

A handwritten signature in blue ink that reads 'JRosham'.

Jane Rosham
